

All-Inclusive Development of Students

Sydenham College has always been in forefront in fostering comprehensive development of the students in the quest of our mission and vision by focusing not only on academics but also on various facets like cultural, social, emotional and intellectual development of the student.

At Sydenham College, students are endowed with proactive teaching learning environment. Students are also encouraged to participate in various extracurricular activities which helps the students to be distinct from their peers from other college. The College has 22 student managed societies viz; Public Speaking and Debating Society, Co-operative Store, Performing arts society, Marathi Wangmay Mandal, Hindi Sahitya Mandal, English Literary Club, Alumni Cell etc.

Further the college has enriched library with various online journals, magazines, reference books and INFLIBNET software which adds to the knowledge of the students.

Sydenham College is always committed in building long term partnership with community by organizing various activities through NSS, WDC, Extension Unit, Girls Forum and Gymkhana. In the year 2019, the BMS department had organized TedX event in which well-known speakers were invited to deliver motivational talks. Listening to speakers helped the student to raise as a leader and develop self confidence in them.

Placement cell had organized Career Summit in December 2019, where 14 companies had visited the campus. Various seminars, workshop were conducted on Personality Development, personal Grooming, Soft Skills, How to crack Group Discussion and Personal Interview. Many students from BCom, BBI, BMS were placed in various Indian and Multi-National Companies.

In order to promote physical wellbeing of the students, college has well equipped gymnasium which paves the way for healthy lifestyle both among students. Various indoor and outdoor sporting event helps in enhancing the spirit of sportsmanship in students. Participation in various intra and inter-collegiate sports helps in developing a spirit of healthy competition in the minds of the students.

Promoting mental well-being is also the need of hour as students are continuously under mental stress as regards choice of career, competition, peer pressure, behavioural problems and adjusting in the new environment. Faculties of the college plays an important role in providing counselling, mentoring, mind relaxation techniques, meditation etc. This assist the students in emotional release of tension and improve their self-confidence.

Various scholarships and prizes at the college level are given to outstanding students who excel in their studies and co-curricular activities. This act as a motivating factor in overall development of the student.

College makes every effort to go extra miles in developing added proficiencies like innovativeness, leadership, business minded, collaboration and team work, communication, creative decision making, problem solving etc.

Thus Sydenham college advocates educating the whole man by supporting cognitive, emotional and social development of the students through effective teaching learning and by encouraging them to be a part of various societies in the college.
